Bankruptcy, Practice Management Software

FOR LEGAL PROFESSIONALS

www.jubileepro.com
Jubilee will announce its integration with Clio at the ABA TECHSHOW 2020

This integration will provide another option for Clio users to electronically file bankruptcy cases within the Jubilee platform. Today, Clio supplies more than 150,000 legal professionals in 90 countries. By dealing with various legal practice management tasks, including contact management, time and expense tracking, online payments, task management, calendaring and trust accounting. Jubilee will offer a first-class option for Clio users who wish to manage bankruptcy cases without additional work! Indeed, the integration will allow bankruptcy lawyers to continue to use Clio as their firm’s management software while using Jubilee to file bankruptcy petitions without having to worry about constantly updating their data. All common information will be synchronized between Clio and Jubilee.
